

2017 WAPC Webinars

Perinatal Quality Improvement – FREE*

Date/Time	Title/Presenters	Description/Objective	
October 10 12:00-1:00 p.m.	Maximizing PeriData.Net® - Working Smarter Every Day <i>Allen Cooper, MBA Madison Fuelling Lisa Lokken, MSN, RNC-OB, C-EFM, CNS-BC</i>	How do I maximize and use PeriData.Net® for perinatal quality improvement? How do I enable, create and find efficiencies in PeriData.Net® to help reduce my day to day work load? Using an interactive approach, the presenters will demonstrate a “day in the life” approach to quality improvement initiatives in everyday practice. Objective: <ul style="list-style-type: none"> Identify three (3) sources of data in PeriData.Net® that you can use on a daily basis. 	<p style="text-align: center;">Click here to register</p> <p><i>* Registration is free without continuing education credit (CE). CE is available for a fee (\$10/\$15 each). Please indicate on the registration form whether you need CE.</i></p>
October 19 12:00-1:00 p.m.	Low Risk Primary Cesarean Section Rates: What your data can tell you <i>Allen Cooper, MBA Lisa Lokken, MSN, RNC-OB, C-EFM, CNS-BC</i>	The presenters will use low risk primary cesarean section rates as a case study to demonstrate, step by step, how to use the data to improve outcomes. The demonstration will be practical and interactive. Objective: <ul style="list-style-type: none"> Identify at least two (2) ways to maximize use of PeriData.Net® summary and patient-level reports to assist you with your low risk primary cesarean section quality improvement work. 	

Perinatal Best Practices

Date/Time	Title/Presenters	Description/Objective
